

CIVILIAN EXECUTION PLAN (PART II)

REALIGNMENT FACT SHEET/VERA REQUEST INSTRUCTIONS

General Information:

- a. These guidelines supersede and consolidate prior civilian reduction reporting requirements for the Realignment Fact Sheet and VERA Request.
- b. All activities reducing authorized strength OR anticipating a reduction in force (RIF) during the fiscal year (FY) will complete, and update as needed, a Realignment Fact Sheet (RFS). Realignment Fact Sheets are not required from activities whose strength is not decreasing and who do not anticipate a RIF throughout the Fiscal Year (FY). MACOM coordination/reconciliation must be accomplished before posting the reduction data.
- c. Complete a separate RFS/VERA request for every affected competitive area.
- d. Attach the narratives to the affected documents (i.e., VERA request, RFS, etc)

PART I. Realignment Fact Sheet and VERA Request General Information Instructions.

- a. Instructions are provided only for those entries that are not self-explanatory.
- b. Entries 6 & 7, General Information. Identify the Unit Identification Codes (UIC) of the activity undergoing the reduction and report the number of employees who are covered by the UICs but NOT in the competitive area.
- c. Entry 8, General Information. Specify the status of the plan by inserting one of the following codes:
 - (1) "C" when the reduction is in the contingency or planning stages and it is unknown whether or not a RIF will be needed.
 - (2) "N" when it is known that a RIF will not be needed to reduce to the target level.
 - (3) "R" when it is expected that a RIF/VERA is needed to effect the reductions.
- d. Entry 9, General Information. Identify the reason for the reduction by entering one of the following codes:
 - (1) Enter "BRAC" when the reduction is the result of a Base Realignment and Closure (BRAC) action. Use this entry for all RIFs (to include those resulting from TOFs) that are the result of a BRAC action.
 - (2) Enter "A-76" when the reduction is the result of the implementation of a commercial activity/privatization decision.

(3) Enter "TOF" when the reduction results from a Transfer of Function (not caused by a BRAC action).

(4) Enter "M" when the reduction is the result of a reduction in funding and/or manpower authorizations not more specifically attributable to one of the reasons listed above.

(5) Enter "Other" when the reduction is for reasons not covered by one of the more specific codes. Provide a narrative explanation of the reasons for the reduction or RIF.

e. Entry 10, General Information. Actual personnel strength data should normally correspond to the number of employees in the activity UICs as shown in the SF 113A Strength Report as of the date of the worksheet. In the event that the actual permanent strength varies significantly from that reported on the SF-113A (i.e., by a difference of 5% or more), identify the source or office that is certifying the actual activity strength and provide a brief explanation or rationale for the variation. Intermittent employees not shown on the SF 113A need to be reported narratively.

f. Entry 11, General Information. Specify whether target strength and losses/accessions are projected through the end of the FY or through the effective date of the RIF. Losses/accessions should be projected through the end of the FY when reducing to meet year-end strength goals. This ensures that all normal attrition can be used to minimize the adverse impact of the reduction. In the event that a specific reduction target must be met prior to end of the FY, report target strength and losses/accessions projected through the effective date of the RIF. Provide a narrative explanation of the reasons why RIF effective date data rather than end FY data must be used.

 - a. The End FY:
 - b. The RIF Effective Date (provide explanation):
12. Projected RIF Separations after VERA (provide projection and explanation if other than RFS entries 2f minus 3c):

PART II. Realignment Fact Sheet Instructions:

- a. Instructions are provided only for those entries that are not self-explanatory.
- b. Entry 2c. Transfers Outside the CA. CA refers to the competitive area.
- c. Entry 2d - Other Voluntary Losses. Temporary and term employees whose appointments expire before the end of the FY (or effective date of the RIF, see para f, General Information Instructions) and temporary employees who are to be separated prior to the expiration date of their appointments are also included in this entry.
- d. Entry 2g - Other Involuntary Losses. Projected separations through adverse action procedures and discontinued service and disability retirements are also included in this entry.

PART III. Narrative Explanation. Include a narrative explanation if any of the following conditions exist:

- a. If the number of projected personnel reductions is equal to or less than 5% of the permanent On-Board Strength prior to the action, explain why normal attrition will not work to achieve the necessary reductions. Explain why/how RIF/VERA is needed to accomplish the reductions. If temporary employees will remain after the reduction action, explain why they are essential.
- b. If the Reduction Status Code is "R" indicating that a RIF is needed, provide a detailed explanation of the reasons for the RIF.
- c. If there are vacant positions after completion of the action (RFS Entry 1g), explain why they were not/cannot be used to place the surplus employees.
- d. Provide an explanation if RFS entry 3c does not equal entry 3d.
- e. Provide an explanation if there is an entry other than zero in entry 6, VERA Request. A positive entry is indicative of an improper use of VERA.
- f. Normally, to preclude under-execution 1e, 2b and 2j will be the same number. When this is not the case, provide a narrative explanation of the variances.

VERA REQUEST

1. Justification: State the reasons for the RIF and why the VERA is needed, including a detailed explanation of the organization's personnel and budgetary situation resulting in surplus civilian personnel. (If this is an amendment, specify the authority that is being amended, describe the reasons for the amendment and provide information below relating only to the new requirements).

2. Scope and Nature of Request:

a. Area of Application: Specify the organizational unit(s), geographical area(s), occupational series or level(s), or other nonpersonal factor(s) to which the VERA will apply. If occupational series or level(s) are not going to be targeted, indicate that VERA will be extended to all employees within the specified area.

b. Timeframes:

(1) Provide the starting and ending dates for the requested authority.

(2) Specify whether a single window or multiple windows will be used.

(a) If a single window is used cite the following in the request: "Request authority to control the timing of the window and the total number of VERAs during the window".

(b) If multiple windows will be used cite the following in the request: "Request authority to control the timing of the windows, the number of windows and the total number of VERAs per window."

(c) Identify any non-personal factors (e.g., service computation date) that will be used to manage the approval of applications.

3. RIF Effective Date (RFS Entry 5):

4. Employee Information:

- a. Total Number of Permanent Employees (RFS Entry 2a)
- b. Total Number of Term/Temporary Employees (RFS Entry 2a)

7. Any outstanding early retirement reports from previous authorities granted by the Department of Defense/Office of Personnel Management:

*Include the following footnote if projected attrition is through the end of the FY (Entry 11, General Information). Delete this footnote if projected attrition is through the RIF effective date. "Army generally administers reductions on an annual basis. Permanent attrition through the end of the FY better reflects Army's need for VERA to minimize RIF separations in this action."
